

Datasheet Heatbeater 30

Lightweight and very comfortable glove with a great insulation value and a service temperature of up to 600 degrees Celsius.

The 5-finger glove is made of a para-aramid terry loop, heavy duty Para-Aramid felt and a cotton terry loop insulating layer.

The glove has a very good mechanical resistance and also has the highest cut and perforation resistance.

The glove is available in one size (size 11).

We recommend not to wash the glove.

Used palm-side materials:

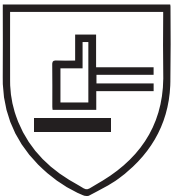

- Para-Aramide terry loop
- Heavy duty Para-Aramid felt
- Cotton terry loop

Used materials on the back:

- Heavy duty Para-Aramid felt
