

Datasheet Heatbeater 54

Heat resistant and mechanically strong glove with a maximum service temperature up to 600 degrees Celsius.

The glove can be used in situations where heat and cut hazards are involved

The insulation value of this glove is good as well as cut resistance.

The glove is available in one size (size 11).

We strongly recommend not to wash the mitten.

Used palm-side materials:

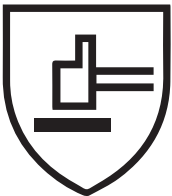

- Para-Aramid reverse terry loop fabric
- Brushed FR cotton

Used materials on the back:

- Para-Aramid reverse terry loop fabric
- Brushed FR cotton
